

53 Tara Street Wilsonton QLD

A short walk through Streten Park to Wilsonton Shopping Centre and all the services it provides is this 1/4 acre (1012m²) block ready for you to develop subject to Toowoomba Regional Council applications & approvals. This is a great level block with plenty of other developed blocks around it. Or you could renovate the home that is currently on the block.

Being so close to amenities such as it is, means any improvement development will have high demand. Consider the possibilities in comparison to other blocks available and the scope of capacity for this block is way in front.

For a private inspection please contact Young Real Estate on 46349222
